MARYLAND NOT HURRYING TO BREAK SPEED RECORD

Cruiser With Divers Due Here Monday - Massive Pontoons Almost Ready - Agraz Dimiy mpses Well On Bottom

(Ameline Proofs Federal Woodes)
WASHINGTON, April 11. —
"The fate of the F-4," said Representative Gardner last night, "is a gruesome comment on Secre-tary Daniels' policy of peaceful persuasion, accompanied by a pre-tense of preparedness.
"The loss of life at Honolulu is

directly chargeable to Secretary Daniels' neglect of the submarine branch of the navy."

Representative Gardner was speaking at a banquet of the Uni-ted States Reserve Army. Eight of the sixteen members were pres-

MARYLAND TAKING IT EASY

SAN FRANCISCO, April 11.-Radiograms from Commander Kittelle of the cruiser Maryland bring information that he is making no effort to break the speed secord between San Francisco and Honolulu. The Navy Depart-ment feels that the time he might gain would not be worth the coal he would burn and the extra straim on the engines:

The two new submarines K-3 and K-4 will have their final trials April 15 and sail for Honolulu

PONTOONS ALMOST READY

smry to resert to actual submerged

necessary to resert to actual submerged pentoen work.

The irouwork is impressively massive and it is inconceivable that any strain to which it is likely to be submitted, could make it give way. Shafts and beams are of pondorous attength and they are girded to the scow with precerful bolts and ties. When a heavy two and a haif inch steel cable was run around one of the drums yesterday afternoon for a test, there was not a creak or a group. It is expected that the seew will be fully equipped Monday, by which time the other snow will be brought up from Fearl Harbor. Diver Spies F-4

will be brought up from Fearl Harbor.

Diver Spies F-4

Anide from the work on the pontions, the only activity yesterday was a dive made by Jack Agraz in an ettempt to make an observation of the lost son wars. Agraz was lowered to a depth of 170 feet, but because of a strong current he could not work to advantage and, after a short try, was raised to the surface.

As he emerged from the water he was as fresh and chinper as when he was lowered away. Agraz said, as he did after his descent of the day he fore to about the same depth, that he isslicted he could make out the out-tipes of the surface and held by the dredge Gaylord are fastened.

HOLLAND HAS NO THOUGHT OF FIGHTING WITH GERMANY

(Associated Pries by Padaral Wireless)
THE HAGUE, April 12.—There is the atmost confidence here of continued relations between Germany and the Netherlands. How the sumor arose in London that war had broken out between Holland and Germany is beyond explanation here. The cables carried the rumor to the and of the earth and attered up a storm of inquiries.

BUBONIC IN BUBA AGAIN olague has appeared at Havana again. Iwo cases have been reported of which
